## § 1779.34

will ensure the outstanding principal balance is properly amortized within the prescribed loan maturity and eliminate the possibility of a balloon payment at the end of the loan.

- (c) Changes. Any change in the interest rate between the date of issuance of the Conditional Commitment for Guarantee and before the issuance of the Loan Note Guarantee must be approved by the Agency. Approval of such change will be shown as an amendment to the Conditional Commitment for Guarantee.
- (d) Different rates on guaranteed and unguaranteed portion of the loan. It is permissible to have one interest rate on the guaranteed portion of the loan and another interest rate on the unguaranteed portion of the loan, provided the lender and borrower agree, and:
- (1) The rate on the unguaranteed portion does not exceed that currently being charged on loans for similar purposes to borrowers under similar circumstances; and
- (2) The rate on the guaranteed portion of the loan will not exceed the rate on the unguaranteed portion. This requirement does not apply when the unguaranteed rate is variable and the guaranteed portion is fixed.
- (e) Multi-rates. When multi-rates are used, the lender will provide the Agency with the overall effective interest rate for the entire loan. Multi-rate loans may be either fixed, variable, or a combination of fixed and variable.

#### §1779.34 Terms of loan repayment.

(a) General. Principal and interest on the loan will be due and payable as provided in the note except, any interest accrued as the result of the borrower's default on the guaranteed loan over and above that which would have accrued at the note rate on the guaranteed loan will not be guaranteed by the Agency. The lender will structure repayments as established in the loan agreement between the lender and borrower. Ordinarily, such installments will be scheduled for payment as agreed upon by the lender and borrower on terms that reasonably ensure repayment of the loan. However, the first installment to include a repayment of principal may be scheduled for payment after the project is operable and has begun to generate income. Such installment must be due and payable within 3 years from the date of the note and at least annually thereafter. Interest will be due at least annually from the date of the note. Monthly payments will be required except for borrowers with income limited to less frequent intervals.

- (b) *Term length*. The maximum time allowable for final maturity for a guaranteed WW loan will be limited to the useful life of the facility, not to exceed 40 years.
- (c) *Balloon payments*. The principal balance should be properly amortized within the prescribed loan maturity. Balloon payments at the end of the loan are prohibited.

#### §§ 1779.35-1779.36 [Reserved]

#### § 1779.37 Insurance and fidelity bonds.

The lender must provide evidence that the borrower has adequate insurance and fidelity bond coverage by loan closing or start of construction, whichever occurs first. Adequate coverage must be maintained for the life of the loan and is subject to Agency review and approval.

### §§ 1779.38-1779.41 [Reserved]

# § 1779.42 Design and construction requirements.

The lender will provide the Agency with a written certification at the end of construction that all funds were utilized for authorized purposes. The borrower and the lender will authorize designs and plans based upon the preliminary architectural and engineering reports or plans approved by the lender and concurred in by the Agency. The borrower will take into consideration any lender or Agency comments when the facility is being designed.

(a) Architectural and engineering practices. All project facilities must be designed utilizing accepted architectural and engineering practices and must conform to applicable Federal, State, and local codes and requirements. The lender must ensure that the planned project will be completed within the available funds and, once completed, will be suitable for the borrower's needs.
